THE
FEDERATION

WHO WE ARE

By joining ANIMA system, companies become players in the growth of the sector and thanks to ANIMA political influence can interact directly with institutions assert their own requirements at decision tables, get anticipations and prospects and update constantly and precisely their own competences.

The Federation allows its members to strengthen their political influence at both technical (UNI, CEI, CEN, ISO, Associations and European Committees) and institutional tables (Confindustria, Ministries, European Commission) in order to let entrepreneurs' requirements be heard.

In addition to the safeguard of the sector, services of ANIMA system are aimed at product promotion by offering to member-companies chances of visibility, of appraising their own products, of participating in business events between associations and accessing and consolidating their presence on the most dynamic and promising foreign markets.

Finally, within ANIMA system many trade member-associations operate and carry out a specific role dedicated to the sectors represented.

AND ITS ASSOCIATIONS

WHAT

WE DO

EXTERNAL RELATIONS, COMMUNICATION AND INTERNATIONALIZATION

internazionalizzazione@anima.it | ufficiostampa@anima.it | eventi@anima.it

- Project coordination and communication channels
- Management of media relations
- Support to Federation in institutional relations
- Development of business strategic relations
- Organization of institutional, promotional and thematic events
- Conception of ANIMA projects
- Planning and coordination of Special Projects
- Promotional programs through public funding
- Information on methods and means of penetration or consolidation of foreign markets
- Italian missions abroad and foreign missions to Italy
- Exhibition programme of both Federation and Associations
- Cooperation agreements with institutional or business partners on markets of special interest for the mechanical branch
- Actions for fostering contacts between Italian companies and foreign markets

MARKETING AND ASSOCIATION DEVELOPMENT

sviluppoassociativo@anima.it

- Guidance and support to member-companies for the use of ANIMA services
- Analysis and monitoring of the dynamics of the sector and its representativeness
- Promotion of federation and association services, opportunities for companies and associations
- Development/management of contacts with stakeholders

TECHNICAL AREA

tecnico@anima.it

- Development of standards, laws and technical documents
- Continuous updating on main innovations in technical field
- Attendance in all decision areas in Italy and abroad
- Answers to questions
- Support/interpretation/faq of technical kind and specific services
- Safeguard of interests related to mechanical industry
- Constant support to member-companies
- Technical-qualified training

LEGAL SERVICE

legale@anima.it

- Interpretation of provisions concerning mechanical industries
- Support to member-companies for the interpretation and application of standards concerning industrial sectors and products
- Advice on technical/legal and statutory aspects in the relationships with and between Federations, Associations and Authorities, Confindustria network and Ministers

ECONOMIC DEPARTMENT

ufficiostudi@anima.it

- Half-yearly market survey
- Quarterly qualitative survey
- Observatory on trend of raw material costs
- Sectorial market surveys
- Monitoring flows of foreign commerce
- Projects with universities and research companies

HOW

1. TECHNOLOGIES FOR INDUSTRY

1.1 Food processing

- ASSOFOODTEC - Italian Association of Machinery and Plant Manufacturers for Food Production, Processing and Preservation
- FIAC - Italian Association of Household Items Manufacturers
- UCC - Italian Association of Boiler and Pressure Vessel Manufacturers

1.2 Energy production

- ACISM - Italian Association of Meter Manufacturers
- ASSOPOMPE - Italian Association of Pump Manufacturers
- AVR - Italian Association of Valve and Fittings Manufacturers
- COMPO - Italian Association of Manufacturers of Compressors, Pumps and Accessories for the Treatment of Compressed Gas and Air
- ITALCOGEN - Italian Association of Cogeneration System Manufacturers and Distributors
- UAMI - Italian Association of Industrial Plant Erection and Maintenance Contractors
- UCC - Italian Association of Boiler and Pressure Vessel Manufacturers
- UCRS - Italian Association of Gas Regulators and Related Safety Systems Manufacturers
- UCT - Italian Association of Turbine Manufacturers

1.3 Production and manufacturing

- ACISM - Italian Association of Meter Manufacturers
- AISEM - Italian Association of Systems for Lifting, Elevation and Handling
- ANASTA - Italian Association of Welding, Cutting and Related Technology Companies
- ASSOPOMPE - Italian Association of Pump Manufacturers
- AVR - Italian Association of Valve and Fittings Manufacturers
- CIADI - Italian Associations of Noise Reduction Material and Equipment Manufacturers
- CICOE - Italian Committee of Industrial Furnaces Manufacturers
- COMPO - Italian Association of Compressor, Pump and Compressed Air Treatment Equipment Manufacturers
- UAMI - Italian Association of Industrial Plant Erection and Maintenance Contractors
- UCC - Italian Association of Boiler and Pressure Vessel Manufacturers
- UCIF - Italian Association of Surface Treatment Equipment Manufacturers
- UCIR - Italian Association of Wheel and Castor Manufacturers
- UCRS - Italian Association of Gas Regulators and Related Safety Systems Manufacturers
- UCT - Italian Association of Turbine Manufacturers

WE SUPPORT YOU THROUGH

2. BUILDING TECHNOLOGIES

2.1 Comfort and energy efficiency

- ASSOCLIMA- Italian Association of Heating, Cooling, and Ventilation Systems Manufacturers
- ASSOPOMPE - Italian Association of Pump Manufacturers
- ASSOTERMICA - Italian Association of Equipment and Components for Heating Systems Manufacturers
- AVR - Italian Association of Valve and Fittings Manufacturers
- CLIMGAS - Italian Association of Gas-fired Air-conditioning Equipment Manufacturers and Distributors
- ITALCOGEN - Italian Association of Cogeneration System Manufacturers and Distributors

2.2 Equipment and components

- ACISM - Italian Association of Meter Manufacturers
- AISEM - Italian Association of Systems for Lifting, Elevation and Handling
- ANIMA SICUREZZA - Solutions and services for the secure storage of goods and valuables
- AQUA ITALIA - Italian Association of Water Treatment Equipment and Product Manufacturers
- ASSOCLIMA- Italian Association of Heating, Cooling, and Ventilation Systems Manufacturers
- ASSOFERMA - Italian Association of Lock, Hardware and Handle Manufacturers
- ASSOGRIGLIATI - Italian Association of Electro-welded and Pressed Steel Grating and Fencing Manufacturers
- ASSOSEGNALETICA - Italian Association of Road Signs Manufacturers
- ASSOTERMICA - Italian Association of Equipment and Components for Heating Systems Manufacturers
- AVR - Italian Association of Valve and Fittings Manufacturers
- CIADI - Italian Associations of Noise Reduction Material and Equipment Manufacturers
- CLIMGAS - Italian Association of Gas-fired Air-conditioning Equipment Manufacturers and Distributors
- UAMI - Italian Association of Industrial Plant Erection and Maintenance Contractors
- UCOMESA - Italian Association of Construction Equipment Manufacturers
- UIDA - Italian Association of Environmental Technology Suppliers
- UMAN - Italian Association of Safety and Firefighting Companies
- UNAC - Italian Association of Powered-Operated Gate and Door, and Automation System Manufacturers

3. TECHNOLOGIES FOR SAFETY

- ANIMA SICUREZZA - Solutions and services for the secure storage of goods and valuables
- AQUA ITALIA - Italian Association of Water Treatment Equipment and Product Manufacturers
- ASSOCATENE - Italian Association of Snow Chains for Vehicles manufacturers
- ASSOCLIMA- Italian Association of Heating, Cooling, and Ventilation Systems Manufacturers
- ASSOFERMA - Italian Association of Lock, Hardware and Handle Manufacturers
- ASSOGRIGLIATI - Italian Association of Electro-welded and Pressed Steel Grating and Fencing Manufacturers
- ASSOPOMPE - Italian Association of Pump Manufacturers
- ASSOSEGNALETICA - Italian Association of Road Signs Manufacturers
- AVR - Italian Association of Valve and Fittings Manufacturers
- CIADI - Italian Associations of Noise Reduction Material and Equipment Manufacturers
- UIDA - Italian Association of Environmental Technology Suppliers
- UMAN - Italian Association of Safety and Firefighting Companies

HOW MUCH

WHY

FOR DOING SYSTEM

Being part of a network of 1,000 companies in the mechanical industry, representing identities and interests of 60 trade sectors. Greater political impact both in technical (UNI, CEN, ISO, Associations and European Committees) and institutional tables (Confindustria, Ministers, European Commission) in order to let entrepreneurs' requirements be heard. More chances of visibility in the economic, general and specialist press to issues and initiatives of branches represented by ANIMA Federation. Efficacy not only in creating chances of meeting and dialogue on matters of strategic interest for companies of the mechanical sector, but also for doing business.

Means: Trade association members of ANIMA, production chain associations, complementary associations, Confindustria network and European associations.

FOR PROMOTING YOUR PRODUCTS

Taking visibility opportunities given by ANIMA federation to both companies and entrepreneurs. Increasing value of companies, products and human resources through the competent trade associations. Attending business meetings between associations organized by Federation or associations. Using channels / means of access or consolidation in more dynamic and promising foreign markets.

Means: Missions, trade fairs, workshops, inter-associative meetings, members' showcase in ANIMA website, ANIMA publications (magazine L'Industria Meccanica and industriameccanica.it, Special issues "ANIMA per.. l'Industria, la Sicurezza, la Movimentazione, il Comfort, l'Edilizia, l'Energia, l'Acqua" (ANIMA for...Industry, Safety, Handling, Comfort, Building, Energy, Water), ANIMA association index, association brochures, sectorial advertising and press campaigns in foreign countries, partnerships, Confindustria Project for Expo 2015.

FOR CONTRIBUTING TO DRAWING UP RULES OF THE TOMORROW MARKET

Supporting one's own requirements in the decisional tables. Interacting with Institutions (Authorities, Ministers, Parliament, Government, European Commission) in a continuative way. Sharing experiences and good practices. Catching anticipations and prospects. Constant and punctual update of one's own competences. Monitoring Parliament activity.

Means: Committees, Commissions, Working Groups, Task Forces active within ANIMA Federation, Confindustria, Orgalime (European Federation of Mechanical Engineering), UNI, CEN, ISO.

FOR ACCESSING BASIC INFORMATION FOR YOUR BUSINESS

Standard and legislative changes in Italy and abroad. Trends of markets. Items of specific interest (safety, environment, energy policy, industrial policy, counterfeiting, Made in, market surveillance, financing for companies, tax breaks...). Events and trade fairs agenda, courses, meetings.

Means: ANIMA help desks, ANIMA publications, monthly newsletter of “Aggiornamento Legislativo-Normativo ANIMA” (ANIMA Legislative-Standard Update), ANIMA Social Notes, Newsletter “Internazionalizzazione” (Internationalization), Newsletter “L’Industria Meccanica”, ad hoc newsletters, area reserved to members in ANIMA website, economic-statistical estimates, statistical surveys on travel expenses, cost of labour estimates and raw materials price list, sectorial and market analysis, observatory of trend of raw material costs, ad hoc market surveys, foreign commerce estimates.

FOR USING SERVICES AND EXPERT ADVICE FOR YOU

Arranging exhibitions, conventions and meetings, realizing promotional means for all ANIMA sectors, issuing the bi-monthly “L’Industria Meccanica”, official magazine of the Federation (in co-operation with A.S.A. – ANIMA Service Company).

Analysis of company training demand, access to funding for training and delivery of professional and continuous training (in co-operation with Formamec – ANIMA related Company for training through public funding).

Certification in the field of pressure equipment (in co-operation with Pascal). Certification of company managing systems, products and websites (in co-operation with Icim).

Standardization and hygiene qualification of food technologies and food processing according to mandatory requirements of national and community standards (in co-operation with Tifq).

“Dogana Facile” (Easy Customs): the service given by Easyfrontier - highly qualified company in custom matters - aimed at spreading custom simplifications and carrying out training and ad hoc advice applied to companies’ specific situations.

Means: custom-tailored training, funding for training, system and product certification, custom support, legal support, fiscal support, fair marketing, ANIMA and Confindustria agreements for members.
