**TEL AVIV & CENTRAL ISRAEL
CHAMBER OF COMMERCE**

ISRAELI INDUSTRY & TECHNOLOGY WEEK

We are happy to introduce the Israeli Industry & Technology Week – INTECH. The most comprehensive industry event in Israel for streamlining the manufacturing processes, and for raising manufacturers' competitiveness both in the local and global markets.

This event gathers seven industry segments under one roof to include an exhibition, professional conferences and special events. It's the place where you can be exposed to all the latest innovations and technologies for improving and streamlining production processes.

Israchem	Chemical & Process Industries
Analiza	Industrial Laboratories
Industry 4.0	Robotics, IIoT, Industry 4.0
MetalEx	Metal Industry
PlastEx	Plastic Industry
Maintenance	Industrial & Facility Maintenance
Safework	Occupational Safety & Hygiene in the Industry

In the last decade, we have witnessed rapid development in the industrial environment as a result of increased integration of innovation & technology in the traditional industry. The Covid-19 era accelerated these processes and even changed the perception of managements and corporations in Israel and the Western world.

After China halted most of its global production following the spread of the virus, we saw a need and an urgency to bring production back home, using technologies that streamline production, enable to lower production costs, and increase competition in domestic and international markets.

The Israeli Industry and Technology Week will showcase the newest developments and innovations in an all-encompassing event, which will include an exhibition and professional conferences attended by executives and decision makers who lead the future of change in the industry in Israel.

On display will be smart machines that learn and make decisions, equipment for improving the precision and efficiency in the production process in the chemical, cosmetics, pharmaceuticals, plastics, laboratories and clean rooms industries. Visitors will learn about occupational safety and hygiene regulations, high-tech production floors, robotics and smart sensors, cyber & augmented reality, instrumentation and automation, sewage treatment, climate and air pollution, industrial plant management, engineering and more.

CONFERENCES DURING THE ISRAELI INDUSTRY & TECHNOLOGY WEEK:

- **NEWCHEM II - THE CHEMICAL INDUSTRY IN THE NEXT DECADE**
Content management by the Manufacturers' Association of Israel (MAI) - Chemical, Pharmaceutical and Environmental Industries.
- **INDUSTRY 4.0**
Content management by the Manufacturers' Association of Israel (MAI) - Economics Division. The conference aims to present innovation in the manufacturing processes from the fields of robotics, AI, Big Data, IIoT, Augmented Reality, Cloud and Cyber.
- **THE CONFERENCE OF THE INTERNATIONAL SOCIETY OF AUTOMATION (ISA) ISRAEL**
- **THE CONFERENCE FOR INNOVATIONS IN INDUSTRIAL ENVIRONMENTAL MANAGEMENT**
- **THE CONFERENCE FOR MAINTENANCE AND OPERATIONS MANAGERS**
- **SAFETY AND HYGIENE INSPECTORS' CONFERENCE**

**The programs are subject to changes.*

***Full Conference program will be published closer to the date on:
www.intech-expo.com*

EXHIBITION PROMOTION

Stier Group will initiate a national campaign consisting of direct mail and full-page ads to be printed in daily newspapers, leading professional magazines, specialized industry portals, radio campaign, as well as social media campaigns. The exhibitors will have the opportunity to promote products or services within the local media with our PR office.

CONDITIONS OF REGISTRATION FOR THE EXHIBITION INCLUDE:

The Exhibition Brochure and its appendix.
Stier Group Registration Form including Terms & Conditions.
The Exhibitor's Instruction Manual, which will be sent via e-mail or published on line approx. 45 days prior to the opening of the exhibition.

INTECH

ISRAELI INDUSTRY & TECHNOLOGY WEEK

INTECH WILL BE HELD AT EXPO TEL AVIV, HALL 1

Dates & Opening Hours: November 29-30, 2022. | **Opening Hours:** Tuesday-Wednesday, 09:00-17:00.

TARGET AUDIENCE: AUDIENCE WILL INCLUDE A RANGE OF POSITIONS IN ISRAELI FACTORIES FROM C LEVEL EXECUTIVES TO OPERATIONAL MANAGEMENT POSITIONS: Managers, Executives, Decision Makers, Purchasing Managers and Buyers, including: CEOs, VPs, Operations Managers, Production Managers and Production Line Managers, R&D Managers, Maintenance Managers, Scientists, Technologists, Chemists, Technicians, Machine Tool Operators, Command and Control Personnel, Quality Assurance Managers, Laboratory Managers, Analysts, Laboratory Technicians, Agronomists, Energy Managers, Installation Managers, Building and Facility Managers, Architects, Design & Development Project Managers, Procurement & Logistics Managers, Technical Managers, Factory Designers, Contractors, Entrepreneurs, Factory Managers, Technicians, Maintenance & Management Companies, Facilities and Buildings as well as Inspection Offices. Environmental Managers, Planners, Urban Engineers, Municipal Managers in Cities, Local Councils and Local Authority Offices.

ENGINEERS AND PRACTICAL ENGINEERS: Chemical Engineers and Practical Engineers, Electrical and Electronics Engineers, Command and Control Engineers, Mechanical Engineers, Environmental Engineers, Maintenance Engineers, Structural Engineers, Factory Engineers, Service Engineers, Consulting Engineers, Municipal & Urban Engineers in Government Offices and Companies as well as all Security Forces, Police, IDF, etc.

SAFETY: Safety and Hygiene Inspectors, Occupational Health & Safety Specialists, Safety Managers in Factories, Industry, Facilities and Institutions, both in Private and Governmental Authorities.

INDUSTRY4.0

ROBOTICS | IIoT | INDUSTRY 4.0

The exhibition connects the technology of tomorrow with the factories of today. The exhibition will present a variety of technologies and tools that will allow the Israeli industry to transition to advanced manufacturing and the implementation of Industry 4.0.

Exhibition Topics:

Robotics, Automation, IIoT, Augmented Reality, Cyber Security, Remote Control Systems, Big Data, Simulation, Cloud Computing, Artificial Intelligence, Hardware, Software and Services.

The exhibition for technologies, equipment & instrumentation for Industrial Laboratories.

Exhibition Topics: Equipment & Measuring Instruments for Industrial Laboratories, Measuring Instruments for the Pharmaceutical Industry, Clean Rooms, Fume Hoods, Filters, Fluid Analysis.

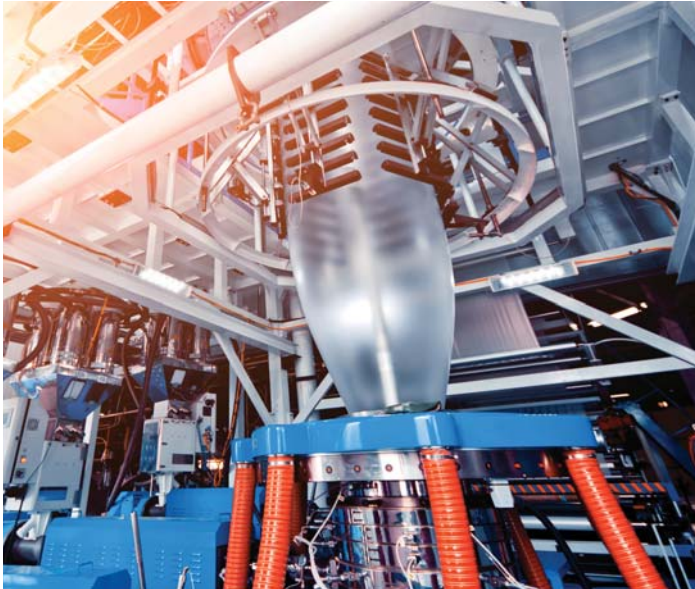

The exhibition for technologies, equipment, and services for the following industries: chemical process, petrochemical, plastics, oil refining, gas, pharmaceuticals, biotechnology, detergents, cosmetics, ecology, minerals, fertilizers, weed and pest control, paints & adhesives, food & beverage industry.

Exhibition Topics: Pumps, Instrumentation, Control & Automation, System, Faucets, Valves, Raw Material, Industrial Gases, Hazardous Material Treatment, Industrial Waste Water Treatment, Solids Handling & Transportation, Chemicals, Measuring Instruments for Heavy Industries, Storage & Packaging - Chemical & Process Industry, Energy Production & Transmission, Hydraulics & Pneumatics, Industrial Software (MES, PLM, ERP).

PlastEx

PLASTIC INDUSTRIES

The exhibition for technologies, equipment and instrumentation for the plastics industry.

Exhibition Topics: Injection Machines, Packaging Machines, Packaging Sheets, Gaskets, Nylon, Rubber, Plastic and Fiberglass, Pressing and Cutting Machines, Polyethylene, Molds, Pipes and Containers, Machines For Three-Dimensional Models and more.

MetalEx

METAL INDUSTRIES

The exhibition for technologies, equipment and instrumentation for the metal industries.

Exhibition Topics: Chip Processing, Laser Cutting, Welding by Various Means, Soldering, Milling and Engraving, Bending of Pipes, Mold Making, Tin and Stainless-Steel Processing, Polishing and Grinding, Hot And Cold Pressing, Castings, Dies and more.

SafeWork

OCCUPATIONAL SAFETY & INDUSTRIAL HYGIENE

The exhibition for Occupational Safety & Industrial Hygiene.

Exhibition Topics: Safety in Factories, Facilities and Buildings, Equipment for Working at Height, Storage, Handling and Transport of Hazardous Materials, Safety and Health in the Workplace, Radiation Testing, Safety in Laboratories, Safety and Biological Hygiene, Emergency Messaging System, Detection and Alarm Systems, Monitoring and Control Equipment for Hazardous Material and Radiation, Fire Stations, Automatic Gas Extinguishing Systems, Anti-Slip Equipment, Laboratory Waste Disposal, Natural Gas Treatment, Protection of Respiratory Tract, Eyes, Ears, Emergency Lighting Systems, Signage, Road Signs, Protective Clothing, First Aid and CPR Equipment, Ergonomic Equipment and more.

Maintenance

INDUSTRIAL & FACILITY MAINTENANCE

The Exhibition for Industrial & Facility Maintenance.

Exhibition Topics: Property & Buildings Maintenance, Industrial Maintenance, Air Filtration Systems, Industrial Plumbing, Preventive Maintenance, Industrial Electricity and Components, Welding, Sealing and Insulation, Pesticides, Cleaning Materials, Waste and Recycling, Soldering and Finishing, Tools, Transport and Automation, Restoration of Buildings and Fire Damage and more.

MODULAR CONSTRUCTION PACKAGE INCLUDES (6 sqm. minimum):

- Side panels and a back wall.
- Additional panels can be ordered to divide the stand into separate sections.
- Fascia sign that includes company name in Hebrew or English.
- Corner stands may have company name displayed on each side of exhibition booth.
- Two chairs, one table and one shelf for each 8 Sqm. of modular construction package.
- Spotlights - one per frontage running meter.
- One electrical outlet of one kilowatt per 8 Sqm.
- Additional power supply including three-phase sockets etc. can be ordered and paid for separately.

SPACE RENTAL FEES:

Registration Fee ^α	€ 206.00 / US\$ 220.00
Floor space - 6-36 Sqm. - per 1 Sqm. ^α	€ 432.00 / US\$ 460.00
Floor space - 37-48 Sqm. - per 1 Sqm.	€ 397.00 / US\$ 422.00
Floor space - 49-60 Sqm. - per 1 Sqm.	€ 370.00 / US\$ 394.00
Floor space - 61 Sqm. and up - per 1 Sqm.	€ 347.00 / US\$ 370.00
"Modular Construction Package"	€ 103.00 / US\$ 110.00 <small>(per each 1 Sqm.)</small>

Spaces with 2 open fronts (prime exposure) are subject to an additional 3% on the rates above.

** Spaces with 3 or 4 open fronts (prime exposure) are subject to an additional 5% on the rates above.*

** Special early bird registration pricing: 10% discount on floor space, for those who register before 31.03.2022.*

** Late registration pricing: additional 10%, for those who register after 16.09.2022.*

** Final payment will be determined according to the local currency conversion rate at the day of payment with a minimum conversion rate of 1 US\$ = 3.2 NIS and of 1€ 3.4N IS based on the NIS prices list.*

*Notes: * VAT will be paid according to the Israeli tax regulations.*
