Cyprus	Atlas Pantou Co. LTD	www.atlaspantou.com	Cyprus	Construction	Historically, the roots of Atlas Pantou date back to 1937-38, in Famagusta, where the late Panayiotis Ant. Tourmazis founded his first technical office, "TECHNICAL OFFICE, PAN. TOUMAZIS". In 1942 he formed the partnership "PANTOUAMAZIS CONSTRUCTION", in 1957 the company "ATLAS CONSTRUCTION LTD" and in 1963 the company "PANTOUAMAZIS LTD". As a consequence of the Turkish invasion and occupation of Famagusta, PANTOUAMAZIS LTD and ATLAS CONSTRUCTION LTD ceased their operations but in 1975, ATLAS PANTOU CO LTD was founded as the successor of the two companies. With over 250 passionate employees, over 420 completed projects and over 80 years of experience, ATLAS PANTOU has left its mark throughout Cyprus, with projects that are benchmarks, pioneering with new approaches and techniques. The steady steps and the hard work of its people made ATLAS PANTOU today one of the leading construction companies in Cyprus, with a significant presence overseas. The ATLAS PANTOU portfolio of works includes a variety of building and technical/engineering projects: Building projects: High-rise buildings with luxurious apartments, residential complexes and luxurious villas, tourist resorts and hotels, office and commercial buildings, retail buildings and shopping malls, industrial facilities, hospitals and health centers. Technical / Civil Engineering projects: Sports facilities, road works and bridges, power stations, sewerage, drainage and pumping station projects, military facilities and big maintenance contracts which include the British Sovereign Bases in Cyprus. ATLAS PANTOU holds a class 'A' contractor's license in technical and construction projects, thus having the right to execute projects of unlimited value and size. With its commitment to protect and minimize the effects of its operations on the environment, it is one of the first companies to certify its operations in the areas of Quality Management, Environmental Management and Occupational Health and Safety based on the requirements of the International standards of ISO. Since its inception ATLAS PANTOU held its values and it is proud to have built relationships on trust and transparency. As the company looks towards the future, it will continue to innovate and adapt, to rise to the expectations of its customers and the standards of its partners, as excellence is only achieved through the willingness to grow.
