ABOUT N.I.E.S. NIGERIA INTERNATIONAL ENERGY SUMMIT

Hosted by the Federal Ministry of Petroleum, the Nigeria International Energy Summit is an annual African Energy, Oil, Gas Technology and Business Conference event of the Federal Government of Nigeria. This top-level conference brings together global and the Africa continent decision-makers, ministers, industry chieftains as well as African Petroleum Producers (APPO), International Oil Companies (IOCs), Independent Petroleum Producers (IPPG), Major Oil Marketing Companies, Petroleum Technologists/Technologies Companies, Banks and Multilateral financial institutions, Ports and Maritime including OPEC member and non-member countries.

The President of Nigeria H.E. President Bola Ahmed Tinubu, GCFR will be the Special Guest of Honour.

N.I.E.S. is a platform for industry players from the public & private sector to interact, transact & develop agenda for government and support Nigeria's role in galvanising other global players in addressing challenges in the industry.

Why Should You Attend N.I.E.S. 2024?

The theme is "Navigating the new energy world order: Security, Transition and Finance" which will provide overarching energy trends and perspectives from 2024, so that policymakers and other decision-makers can more easily understand the significance of the latest developments.

N.I.E.S 2024 will outline what is happening to drive the sustainable energy transition and detail why it is not happening fast enough or as fast as possible.

Learn from global industry leaders about the latest market trends and project advances, ensuring your business is positioned for its next commercial opening.

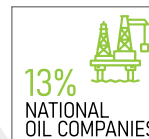

Hear directly from the African Petroleum Producers Organization (APPO) and OPEC members about the next wave of projects, reforms and policies that are being implemented in their countries to align your business strategy and gain ground for your competitors.

Meet industry peers and interact face-to-face with Nigerian, African and global key project owners and decision makers, NOCs, IOCs, IPPS, International Service Providers, EPC contractors, consultants and financiers in this ever expanding Energy network.

2023 ATTENDANCE BY NATURE OF BUSINESS

Abstract Submission

If you would like to speak at the Nigeria International Energy Summit, please kindly submit your abstract to Arvy.nahar@brevityanderson.com for consideration.

Please note, abstracts must not be more than 300 words.

THE ITALIAN PAVILION

The complimentary business exchange between Italian and Nigerian companies will focus on the oil and energy sector, the Italian Pavilion delegation including SME's and various Italian associations will explore specific sectors such as infrastructure, engineering, manufacturing, construction and upstream/downstream activities.

The Italian Pavilion's mandate is to explore industry opportunities, including advantages the energy and infrastructure industry has to offer in Nigeria. The collaboration and hosting of Italian SME's will build on networking setting the foundation for partnerships with existing oil and engineering companies including political liaisons with entrepreneurs in West Africa.

HIGHLIGHTS OF ENGAGEMENT FOR ITALIAN COMPANIES

- One-on-one meetings with the main actors in the energy and infrastructure sectors in Nigeria
- Meeting with local operating partners, contractors and subcontractors for visibility of project specifications
- Meetings with NNPC Nigerian National Petroleum Committee
- Gain market insight, exploit investment opportunities & understanding local content initiatives
- Facilitation of in-country set-up, tendency/bidding procedures
- Expand networking contacts and identify potentials projects in Nigeria

ANIMA ITALIAN PARTNER

The theme is **“Global perspective for a sustainable energy future”**. NIES/ANIMA 2024 will provide the following package to support Italian companies with facilitation and organisation.

The delegation package includes the following:
